Filter- Export- Vehicle Features- Wholesale- Easy to Use-**

Take control of your dealership with Smart Dealer. The age of information is here and the more rapidly you can gather, process, store and format your businesses information, the faster you can utilise it. "Time is money" as the saying goes, so storing and shuffling through a mountain of hand written forms no longer makes sense. Smart Dealer is easy to install and was developed in Australia, purely focused on improving the everyday tasks of the Wholesale or Retail LMCT. Smart Dealer manages your Purchasing, Retail Sales and Costing.

Invoicing and Sales Orders are the fundamentals to getting money in and vehicles sold. Smart Dealer allows you to produce printed documents and forms with ease. Smart Dealer has the LMCT in mind, allowing key information to be entered *once* and swiftly, saving you time and effort. Smart Dealer has many time saving forms and reports; for example, a Tax Invoice that includes a Dealings Book Slip, a Retail Sales Order, including the Customer copy and your Terms and Conditions of sale, all printed and ready to go.

Features

Invoice: Produces a professional Tax Invoice, which includes a pre-formatted Dealings Book slip.

Print Forms: Produces an industry compliant, Forms 5 and Form 6 in A4 format, ready for the vehicles window.

Vic Roads Forms & Reports: Acquisition and Disposal. Transfers Payment Summary.

Purchasing Details: Record your vehicle supplier's details once and then apply them directly to future purchases.

Customer Details: Handle Sales to Individuals and Companies.

Print Slips: Generate and print one or more Dealings Book slips (Police Book Strips)

Export Data: Directly Export your database for external analysis, import in to Excel or another program.

Vehicle Details: Key vehicle information input is easy and the screen layout is optimized to let you quickly view your vehicles in stock.

Dollars and Sense: Provision for entering associated Costs and Fees along with Stamp Duty, GST and Profit Calculation.
